

Map of Cambodia showing the distribution of agricultural households by province. The map is color-coded: blue for agricultural households, yellow for agricultural households with irrigation, and red for agricultural households with irrigation and access to roads. The map includes a legend, a scale bar (0-30 km), and an inset map of Cambodia. The map shows that agricultural households are concentrated in the central and southern regions, particularly in the provinces of Battambang, Kampong Cham, Kampong Speu, and Kampong Thom.
